Cadaver Course: March 20, 2015

Course Director
Wolfgang Gubisch,
Sebastian Haack, Helmut Fischer

Center of Plastic Surgery
Department for Facial Plastic Surgery
Marienhospital Stuttgart (Germany)

Welcome

Dear Colleagues,

Our Stuttgart course runs in the third decade and we appreciate your ongoing interest to participate in our efforts to demonstrate the evolution of rhinosurgery.

After opening the rhinoplasty course at Marienhospital with our traditional and always updated comprehensive video on our techniques we will have a good time of welcoming and meeting each other followed by late night presentation of our special guests with their hot topics.

Live surgery remains the unpayable part of the Stuttgart-Rhinoplasty-Course. We will demonstrate our concepts and techniques in cases of primary and secondary rhinoplasty and show the surgical details inside the nose by additional endoscopic transmission.

2015 we will change the format of the panel's and concentrate on case presentations and discussion with the invited faculty, the course associates and you, our guests.

Thanks to the great demand we continue to offer the cadaver course at the University of Tuebingen to a limited number of participants - in 2015 subsequently to the live surgery course in Stuttgart. The participants are offered to join the nose reconstruction symposium Friday morning

I'm looking forward to opening a new course era and welcome you here in Stuttgart together with my colleagues

A handwritten signature in black ink, appearing to read 'W. Gubisch'.

Prof. Dr. med. Dr. h.c. W. Gubisch

Invited Faculty

Rick Davis, Miramar (USA)
Olivier Gerbault, Paris (France)
